Today's Action: ORGANIZE A 5 CAR ROLLING THUNDER THANK YOU CARAVAN

FACT:

Millions of health care workers are putting their lives on the line every day to keep us safe and fight Covid-19.

 1GoodThingToday.org

**THANK YOU
FOR
WORKING
TODAY!**

ACTION:

1. *Advance work*
 - ✓ *Wear your PPE and visit a local hospital*
 - ✓ *Introduce yourself as someone from the new charitable organization 1 Good Thing Today and tell them you are organizing 3-5 car caravans to say thank you to everyone working at the hospital. (It might help to tell them we have done this other places and even show them a video).*
 - ✓ *Find out where most employees enter the hospital and when shift changeovers happen – usually 7 am and 3 pm.*
 - ✓ *Make sure there is room enough for 3-5 cars to line up where hospital employees leaving/ arriving can see & hear you.*
2. *Recruit a few friends with a least one driver and one “thanker” per car.*
3. *Make some thank you signs or download our signs here.*
4. *Bring cowbells or pots & pans to make some noise. You can download a stadium crowd cheering audio track here and play it over your car or portable speakers!*
5. *Arrive at the hospital 20 minutes before shift change and make some noise and shout out “thank you for working.” to everyone you see!*

They will be eternally grateful!

On the ones we have done, hospital workers *videoed us* to send to their colleagues, friends and family!
