Today's Action: Operation Front Porch to Say Thank You

FACT:

In addition to healthcare workers, there are over a dozen groups of workers going to work every day on the front lines. While many of us are able to work from home and eliminate all contact with others, healthcare, 1st responder, grocery store and food provide, delivery and logistics, auto repair, fuel station & transportation, utility and municipal, vets, media, technology and communications, spiritual and religious, scientists & researchers, dry cleaners and laundry mat workers are all out there on the front lines.

ACTION:

Join thousands of people around the world that either lean outside their windows or step outside their homes to show support for all those on the front line and being affected by Covid-19 by making some noise.

Anything you can do will be greatly appreciated. A few options:

- 1. You can give someone you know – or just met – who is on the front lines and working in an essential business a **SHOUT OUT**. See the photo above for one idea to recognize and thank your friends.*
- 2. Download a [soundtrack of people cheering](#) in a stadium to your phone or tablet and play that while you are outside.*
- 3. Take and post a [video of your Operation Front Porch](#) to Social Media.*
